Ms. Schmitt,

Requests for records under the Freedom of Information Act (FOIA) must describe the records you are requesting. What records or type of records are your requesting for these facilities? If you know or believe EPA has records you are seeking give as much information as you can about the records.

8401 facility has links to the Air program

8201 facility has links to Air, RCRA , Water programs.

4848 no know links, what type of facility is this?

Please clarify your request, we cannot process this without additional information. Your request will be on hold until we hear from you.

You may want to review the EPA envirofacts which may help you to clarify your request at:
